President's Report – Lloyd Mills

Welcome to all members, players, sponsors, and volunteers.

We moved into the newly completed Concord Oval in November 2022, and we were able to fit out our gym and offices ready for the new season. Thanks to many people who helped to make the gym truly ours with memorabilia and photos to ensure our current players remember Wests and West Harbour history. We now have the best facilities in the Shute Shield competition.

Back on our own home ground and hosting events and home games will help to generate revenue for a solid financial base for the future.

With more revenue generated and with the fit out of the gym and offices our expenses have increased quite significantly. Our Treasurer Michael Gray has still managed to turn a profit for the second year running. Mick with his other fulltime role as CEO of Club Charlestown has decided it is time to step down. I would like to personally thank Mick for the role he has played in turning the Club finances around due in some part to his relationship with Andrew Anderson and Graham Green from Club Burwood. Mick's sage advice will be sorely missed.

Also standing down at the end of the year is our Secretary Rory Sidey, due to increased work commitments. Rory's legal advice when dealing with the new Concord Oval contract with Council was greatly appreciated. I wish both Mick and Rory all the best and appreciate their input to the Club and hopefully see them both at Concord next season.

I would also like to acknowledge Grade Club Captains Pete Johnson and Ben Huckstep for all the work and organising they put in during the year.

Under new First Grade and Head coach Cam Treloar, First Grade were very competitive in all games and, after losing a number of games by only 5 points or less, will be looking to turn those narrow losses into wins next season. The results this year were recognised by Cam's peers voting him winner of the Dave Brockhoff Coach of the Year Award.

Our lower Grades in the 2023 season were also extremely competitive, with good numbers throughout which meant we did not have to rely on older players backing up. I thank the lower grade coaches and management teams for that improvement over the previous season. We are hoping for even better performances and results in 2024.

The Colts Programme, after being disrupted, finished off the year strongly with First Grade winning 4 out of the last 5 games. I would like to thank Peter King and Glenn Ling for stepping into the breach. The lower grade Colts performed well with very good numbers. We are expecting results to improve next year.

We have recently appointed a full-time Colts and Pathways Coach in Steven Shapland, who this season was Assistant Coach and Attack Coach of First Grade and had previously coached Easts to a 2nd Grade Premiership. Part of Steve's job description is that he will be heavily involved with Schools, our Junior Clubs and head up our Junior and Senior Academies to ensure we make West Harbour the Club of choice for our younger players.

Our Women's team had a challenging year but are showing good signs for next season and I thank coach Michael Nicoletti for his coaching and mentoring of the team this season. We have recently appointed Jason Amos as Head Coach and Iliseva Batibasaga as Assistant as well as a returning Cas Van Rythoven. I would like to thank Director Charmaine Steventon for her unwavering support of the Programme, and for the ongoing support of Major Sponsor De Lorenzo.

Our General Manager, Dave Lyme, has worked tirelessly during the year to build relationships with all our stakeholders, including: Sydney and NSW Rugby Union; Rugby Australia; Canada Bay Council; West Tigers; and our current sponsors. Through his relationships we were able to host several Super Rugby Women's games, Subbies Division 1 & 2 semi and grand finals, which assisted in generating additional revenue for the Club and would not have been possible without the hard-working women & other helpers in the canteen.

Our Wests 'Legends' network is now around 200 strong and hopefully growing. I would like to thank Grant Fenn, Neale Murphy and Michael Goodrick who organised several functions and updates to members during the 2023 season. This is proving to be an immense success and has assisted the Club with supplying additional equipment for our gym.

I would like to thank Geoff Harper, Geoff Threlfo and Dave Lyme for organising the successful West Harbour Luncheon.

Our sponsorship level and base increased in 2023 due to the hard work of many, led by Sponsorship Director and Chairman Matt Games and GM Dave Lyme, who are engaging with current sponsors by keeping them up to date with information about events and how their sponsorship is mutually beneficial. Matt and Dave are also looking to engage prospective sponsors for 2024. Please see below our list of sponsors for 2023.

- Club Burwood RSL
- Bendigo Bank Strathfield
- Suttons Group
- Findex

CLUB  BURWOOD

Our Major sponsor **Club Burwood Group** is acknowledged for a special thanks. They have sponsored West Harbour for over 23 years and have assisted this year with our development program. They have re-signed as major sponsors for 2024 and 2025. To CEO Andrew Anderson and President Graham Green and the Board of Club Burwood Group, we genuinely appreciate your continued support.

I would like to thank our Board, who worked tirelessly behind the scenes ensuring we are financial and successful into the future, some with full time careers, and time spent which does impact on their family life.

I would also like to recognise our Coaches, Managers and all Volunteers that give up their time to ensure we operate successfully as a Club, we would not survive without your help. I believe we have the best quality of people at our Club and tremendous role models for our players to follow. Vince Gee was recognised by Charter Hall, making it to the top 4 in the Volunteer of the Year awards

As we look to the future, we must be cognisant of what it takes to survive and grow as a Rugby Club in this competitive environment.

- We need a strong and diverse Board.
- We must be fiscally responsible.
- We need strong sponsorship support.
- We must be successful on the field and off it.
- We need to increase our member base.
- We need Junior and Senior Pathways for our younger players.

As a Club we are heading in the right direction:

- ❖ we have increased our player numbers.
- ❖ We are building a better relationship with our Junior Clubs and West Harbour Juniors
- ❖ by putting in place a quality coach and person to oversee the continued growth of these relationships.

We ask everyone to keep a lookout for the 2024 season calendar of events to lock in dates for 2024, including West Harbour Luncheon and Back to Wests Day etc. and encourage family and friends to attend. This will be distributed before the New Year.

THANK YOU ALL for your support.

Lloyd Mills

President WHRFC

Club Legend Mark Tonga joins the team at Chatwood

Treasurer's Report – Michael Gray

I write this report knowing that the club has managed to be profitable for another season. This has been achieved through the support of our sponsors, improved ground revenue, and budget restraint for which I thank all involved. After many seasons playing at different venues, 2023 saw us moving back to Concord Oval. This created many challenges but also enabled the Club to have a true home again. The securing of sponsorship support by the Burwood RSL for a further two seasons gives the Club a strong base on which to build. The appointment of our Colts and Pathways coach, Steve Shapland, has established a structure which will see our youth development blossom and ensure the Club's success into the future with improved support to our Academy, schools, and juniors. The establishment of the Wests Legends was a great way of re-engaging many past players and supporters, and I believe its ongoing support to the Club will be invaluable.

This is my last year on the Board and I would like to thank my fellow, Board members, Dave Lyme and the many Volunteers who give up their time to ensure the Club runs successfully. In the last two years I have tried to bring accountability and budget control to the role, along with the re-establishment of contacts with key supporters of the Club. Without unity the Club cannot succeed. Rugby is a team game and unless the team is working together success cannot be achieved. In closing I wish the Club continued success and I thank my good friend Loyd Mills for his support over the last two years.

Mick Gray

Treasurer

End of an Era – The Concord Oval Goal Posts come down

Director Rugby Report - Geoff Threlfo

Thank you for your continued support of all the teams this year, 4 Grade teams, 3 Colts and the return of our Women's team.

The planning started straight after 2022 season with an extensive search for a 1st Grade Coach, after a thorough process the Board appointed Cam Treloar.

The Pre-Season started in November under the guidance of Clint Hill, all players were tested extensively and training was tough. We came into the year fitter with everyone looking forward to the season, we welcomed the new players who were enjoying the hard work.

We completed the trials and everyone was ready for the 1st game, which after the hard work we were able to complete a clean sweep. Throughout the season all teams were competitive and with 1st Grade especially testing every team they played.

The club is extremely proud of how each team performed this year, on comparing results from 2022 to 2023, 1st grade went from 29pts to 40pts, 2nd grade from 25pts to 35pts, 3rd grade 4pts to 30pts, 4th grade from 2pts to 25pts, so as you can see with the players coming through, we are improving and looking forward to a successful 2024.

The challenge now is to maintain and believe in the spirit generated and maintain our fitness for next year.

We aim to make the passion, camaraderie, culture and player support facilities at West Harbour the best and to reinforce team loyalty. My first priority is for every player young and old to have everything they need to succeed and enjoy our Club.

Like many clubs we celebrate our volunteers, and I would like to thank them all, without them the club would not be able to operate, I would also like to thank the Board, which has been very strong this year.

I would personally like to thank our General Manager Dave Lyme for his tireless work and the hours he commits to the Club.

On a final note, congratulations go to Cameron Treloar on winning the David Brockhoff Coach of the Year Award.

Thank you all again and all the best for the future.

Regards.

Geoff Threlfo.

Director Women's Rugby Report - Charmain Steventon

In 2023, West Harbour Rugby Club made history by re-entering the premier Sydney Women's XV's competition, the Jack Scott Cup after an absence of 15 years. This achievement was the result of unwavering dedication and hard work from all stakeholders, particularly our coaches - Head Coach, Michael Nicoletti and Assistant Coach, Cas Van Rythoven. Their guidance and leadership have been instrumental in our journey.

Our return to the Jack Scott Cup in 2023 is a testament to the resilience, commitment, and passion of our cohort. We faced challenges and setbacks along the way, but we never lost sight of our goal. This season was about rebuilding our Women's program.

I want to extend our sincerest thanks to De Lorenzo for their unwavering support and belief in our Women's program. As we proudly wear the De Lorenzo logo on our jerseys, we do so with gratitude and pride. Their support allows us to not only compete at the highest level but also to inspire and empower women in rugby. Thank you, De Lorenzo, for being an essential part of our team and for helping us make history.

With the 2024 season on the horizon, there is an undeniable sense of excitement within our club. Our return to the XV's competition has instilled a renewed sense of confidence and determination.

Many thanks to Nico, Cas, Tammy, Leni, Dimi and Lachie for their tireless efforts across the season.

West Harbour Rugby Club's return to the **Jack Scott Cup** in 2023 marks a significant achievement for our Women's program. We are grateful for the support and guidance of our Board of Directors and are committed to building upon this success in the seasons to come.

Charmain Steventon

Director Women's Rugby

In 2023 we finally moved back home to Concord Oval

General Manager's Report - Dave Lyme

2023 has been a great year for West Harbour RUF Club.

We moved back home to Concord Oval and our new facilities in November 2022, this was a very exciting time for all - being able to be all under one roof again.

We fitted out the new Gym and office prior to pre-season and our new coaching group quickly got under way for the 2023 season.

We hosted very successful club events this season:

- 2023 Season Launch
- Media Day
- Sponsors' Breakfast
- 2023 Annual Luncheon
- Golf Day
- Ladies Day
- Island Night
- Presentation Night

With the return to our own facilities we were once again able to host significant rugby events:

- NSW Waratahs Trial match
- Super W Waratahs v Fiji Drua
- Super W Waratahs v Queensland
- Super W Semi-Finals Double Header
- Div. 2 Subbies Rugby Minor & Major Semi Finals
- Div. 2 Subbies Rugby Preliminary Finals
- SRU 1st Round Finals
- Div. 2 Subbies Grand Finals
- SRU Lower Grade Semi-Finals
- Div. 1 Subbies Prelim Finals
- SRU Colts Grand Finals
- Div. 1 Subbies Grand Finals

None of the above could have happened without all the amazing work from our Volunteers, Coaches, Managers, Players, on field staff, off field staff, S&C, Doctor and Physios. I cannot thank everyone enough for all your help and willingness to jump in and get the job done.

A special thank you must go out to the Canteen Ladies, with whom we could not put on the days we do, they backed up Saturday and Sunday so many times with no issues or concerns, just "get in and get the job done!"; and to Stephen James who week in, week out helps in all areas, including: field set up and takedown; jersey washing; arranging; merchandise; organising kit hand out to players; and to be honest: too many things to list, thank you for everything mate

We were very excited this year to have our Head Coach Cam Treloar awarded the **Shute Shield Coach of the Year**, a very prestigious award and totally well deserved.

ANNUAL REPORT 2023

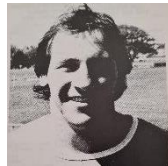

Personally, it has been a very busy season, but I must say also very rewarding. We have had a solid year, exceeding financially on a number of budgets and maintaining checks and balances. This is very important for our future and sometimes tough decisions have to be made to help us achieve greatness again.

I feel we have taken another step forward this year but we still have plenty to do to reach the pinnacle and become the Club everyone wants to be a part of in the Shute Shield. I am very excited that we are heading in the right direction and we have the right people within the club to do this.

Finally, I would like to thank the Board for all the help and support over the 2023 season and for everything they do and have done.

Dave Lyme
General Manager

West's Legends

A bunch of us former players got together last year & formed the West's Legends. It was incorporated under the Associations Incorporation Act 2009 (NSW) with our 2 objectives being:

- to bring together retired players & supporters for friendship, enjoyment & camaraderie
- to provide financial & other support to the club.

We have 8 on the committee (space for 1 more) namely Neale Murphy, Grant Fenn, Michael Goodrick, Geoff Threlfo, Andrew Bowey, Zac Agah, Louise Ferris & Ben Huckstepp.

The membership fee was set at \$100 for the 2023 year & fantastically we signed off the season with 193 financial members

We have supported the club in funding equipment for our new gym & over the offseason will complete a huge wall in the gym with a plethora of pictures from our past & present.

We have encouraged our members to regularly attend home games gathering in the upstairs Exiles Room & put extra emphasis on the 1st home game of the season, Back to West's Day, & last home game of the season, as well as Ladies Day, the "1973 50-year reunion" & Colts teams of the 80s / 90s.

For many of us it has become a way to catch up with old teammates & watch the current crop fly our flag (2023 saw another improvement in matches won across the club).

We had our own tricky lunch, about 60 on boards at the Locker Room in Homebush & we are planning a Xmas catch-up at the Unity Hall , both establishments owned by former players & members of the Legends.

Onto 2024 for more fun & more success on the field, go the Black & Whites !!

Neale Murphy

2023 Season Report – Cameron Treloar

I am pleased to present the Coaches Report for the West Harbour Rugby Union Senior Men's team for the 2023 season. This year has been an eventful and promising one for our club, with several significant developments, achievements, and areas for improvement to discuss.

Selections for Representative Squads:

Two of our standout players, Josh Thompson and Bertie Alcock, were selected to represent the Western Force on their tour to South Africa. Their inclusion in this squad is a testament to their dedication and performance throughout the season. Jack Debreczeni earned a place in the Barbarians squad after strong showings at both Super Rugby and club level. Cameron Orr was selected to join the Wellington Lions Mitre 10 Cup squad, after producing some really high-quality performances for the club. Hunter Hannaford, Taine Rush, and Paulie Manuel from our Colts, all earned the opportunity to trial for the Australia 7s team. Their selection reflects their hard work, skill, and the quality of our player development program.

Improved Player Numbers and Depth:

One of the standout achievements of the 2023 season is the substantial increase in player numbers and the improved depth across all grades. Our club's focus on development is yielding excellent results, and we now boast a larger pool of talented players.

Increased Competitiveness:

The increased competitiveness across our grade groups is a significant accomplishment. During the regular season, West Harbour beat two of the four 1st Grade semi-finalists and we were in the fight in almost every other game. Moments of play, rather than extended periods of play, decided matches for us this season. We will work really hard on winning those important moments going forward. This shows that our players can compete at the highest level and that our training and coaching strategies are yielding positive results.

Improvements in All Grades:

A highlight of the season was 4th Grade winning their first games in five years. This triumph speaks to the resilience and dedication of our players and coaches in nurturing talent at all levels of the club. Another indicator of our progress is that all teams finished with more competition points than the year prior. We must "maintain the rage" when it comes to commitment to personal and collective improvement and development.

Room for Greater Consistency:

We have made significant strides this season, our club is not far off from reaching the next level. To continue improving our results and achieving our long-term goals, we must focus on achieving greater consistency across all grades and aspects of our game.

In conclusion, the 2023 season has been marked by the progress for the West Harbour Rugby Union Senior Men's group. We are proud of the players, coaches, and staff who have contributed to these successes. With continued hard work, dedication, and a commitment to consistency, we are confident that the future holds even greater accomplishments for our club. Finally, a massive thankyou to our volunteers. This group is the most dedicated I've seen at club level, and we quite simply wouldn't exist without them.

Cam Treloar

Head Coach

2nd XV Season Report Luke Stewart

2023 was a year of mixed emotions for 2nd grade. Reflecting on the season, it was filled with many memorable moments, times of needing to show improvement and finally the feeling of frustration. The side showed so much potential and promise, were improving every week, but unfortunately and frustratingly, we weren't as consistent as we needed to be and the results didn't tend to go our way as often as we wanted.

There is a quality in the skill level and talent in the side and this showed through certain stages in games. Unfortunately, our consistency let us down. When we applied those abilities for whole games, we were able to get the win, but when we mentally switched off at times during games, the opposition were able to get away from us.

The season started well with a strong win in round 1 and after losing in round 2, we turned it around to have 2 wins from our first 3 games. From there, throughout the course of the year, we proceeded to lose 3 games after the bell, which really effected how our season turned out. We had some strong wins though as well, against some of the higher ranked teams, which is a testament to the ability of the side.

Our lineout was at times one of the best in the competition, as was our scrum. The forwards had the ability to put some real pressure on the opposition pack, continually sending them backwards at key moments in games. Our backs showed some real skill level and flair with the talent to really confuse the opposition defence. There were times when it was pleasing to see the ball movement and footwork to get through the opposition.

There were a number of players who either played 1st grade or made their 1st grade debuts this year. With the hard work and continual individual improvement, these players earned the opportunity to play 1st grade. All players in 2nd grade were always putting pressure on the players in 1st grade, wanting the opportunity to move up. This has added depth to the club and is great to see going forward.

Thank you to the players for the season. Your hard work, commitment and enthusiasm for the team, the club and for your own development and improvement was truly enjoyable to be a part of. Many laughs were had during the season, making it all the more fun.

Forward of the year, Luke Senigasau. Inspirational and someone who the players certainly followed and looked up to throughout the year. Immense ability and toughness. Always willing to put his body on the line and continue to work hard for the team in every game. A true leader of the team on and off the field who lead by example and got the team back on track and focused when needed.

Back of the year, Drew Sellers. Cool, calm and collected on the field. Provided guidance for the team and kept the drive and direction that the team needed during the games. His ability, skill level, and continual hard work was very impressive. Always wanting to improve, he had a team first mentality. A real leader and someone with a big future.

Thank you to all the coaches for your help throughout the season. Your hard work, passion and dedication is a reason that the club is so strong. Whether it was discussing footy, tactics and players, or having a laugh and enjoying chatting about old stories or life in general, it was really enjoyable being able to coach and work together with you all.

Special thanks to all the managers and volunteers. Your tireless and at times thankless work doesn't go unnoticed. For 2nd grade, Maddie, Vince, Vaka and Dianne, thank you for helping things run smoothly and for putting up with all things, both good and bad.

A big thank you to my co-coach Chris Siale. The work you put in is certainly appreciated. Your vision, knowledge and expertise really helps and drives the players and is a big reason for the team's success. Working together was thoroughly enjoyable as was our team talks or talking anything rugby.

ANNUAL REPORT 2023

Thank you to Dave and the Board for your tireless work and dedication to the club. It certainly doesn't go unnoticed, another reason the club is in a strong position. Special thanks to Stephen James. You go above and beyond and commit an extraordinary amount of time to the club, players and coaches. Thank you for your support, continual work and advice.

After a long season, enjoy the well-earned rest in the off season and see you all next year.

Luke Stewart

3rd XV Season Report - Doug Signorini

After a solid pre-season with good numbers we started the season very well with a great win for all grades at home versus Parramatta 29- 7. Expectations were high and though we dominated field position and possession we went down 38 to 7 to an Easts side who counter attacked extremely well. This was extremely disappointing given the forward domination but losing critical turnovers and ill-discipline cost us dearly. Next up against Souths was very similar with poor decision making and again an inability to hold the football meant we went down 34 to 17. The next week because we had no competition game v Wildfires we organised a "friendly" 3/4s v Sydney Uni 3/4s and had a great hit out resulting in a 34 all draw though we would have won had we been a bit fitter on the day. The next game was a ding-dong battle against Gordon with both sides playing exciting attacking footy that, although we lost narrowly on the bell, it was a great game to be involved in. The next two games against Eastwood and Randwick were very disappointing losses. We could not control the football well enough against Eastwood and had chances we did not take. They took theirs and the score blew out not reflecting how close the two teams were. Against Randwick it was a different story. They were by far the best side we played against all year, though we still had good spells with the ball they took all their chances beating us comprehensively 61 to nil and they ended up deservedly winning the competition. Round 9 was a big turnaround for our side. Because of injury and absence for the game away against Sydney University we were forced into wholesale changes to the side which meant Euan Marshall moved from centre to open side, Zeke Mafi and Brad Burton moved into the second row, Ray Wilson into the back row, Tyrell Freeman-Mafi to number 8 and Chris Ebeling into the centres. Instead of being smashed the team took it very physically to Sydney University and we were leading with 10 to go but we did not have the depth and fitness on the day to close it out. This led to us keeping Euan Marshall at openside for the rest of the season where he really helped organise our defensive efforts and led to a huge overall improvement in performance from our team. Zeke Mafi brought great physicality to our forward pack for the minutes he could give us. In the remaining 8 games we only had one disappointing loss against Warringah where tactical changes to the backline cost us. Our defence across the paddock generally improved and though we still had a high turnover of players the boys kept turning up. So, with 3 wins in the last 8 games and losing bonus points in the games we lost other than against Warringah meant our team were now very competitive and the boys were enjoying themselves. The support from 4th grade backing up for 3s was excellent. 66 players in total played for 3s in the season with 48 different players starting. It makes it hard to get combinations working with such high turnover but injuries and absences for one reason and another make it tough to do otherwise. The best back was Masi Tadeo who was outstanding for us all season. Other backs that were consistently strong for 3rd Grade were Jesse Bellchambers, Luke Bowden, Blake Gurney and Sami Sopoaga. The best forward went to Euan Marshall but the decision was tight with Diesel Curnow leading from the front all season and Asi Fonua and Will Swan mainstays in the side. Other players who deserve a mention are Nat Collardo-MacGregor and Corey Lenocci who could not get enough rugby playing sometimes 4s then 3s and 2s! It was a pleasure working with Michael Debreczeni and thanks to Dave Treweek for all his help. The playing group were excellent to work with and numbers strong throughout the season.

Doug Signorini

Fourth Grade Report - Daniel Midghall & Phil Wagener

After a good preseason as a wider playing group and a good showing in the trial matches leading into our first game against Easts, which was round 2, the boys had a little faith that they had put in the hard work. Unfortunately, we weren't up to the standard that game losing by 60 – 0, which had been consistent with the result from the previous year. But as a playing and coaching group we were ashamed of the result and promised to work hard moving forward to assure this didn't happen again and become a regular occurrence.

Throughout the coming weeks with the hard work being put in from by playing group and the coaching staff we had an extreme focus on a mentality shift along with defence structure and systems. We began to see this show through with the results gaps getting smaller as we progressed to the point in round 5 where we took a top of the table Manly and went down only 14-0, this was a massive turning point for the playing group knowing they could match it with the top of the table teams.

But round 10 is when the results and steely determination of the playing group paid dividends with a massive upset win 26 -24 over 3rd placed Norths. Mixed in during this period we went down by narrow margins picking up bonus points along the way. A Massive mention that this was the 1st win in nearly 4 years for a West Harbour 4th grade side (so I was told). From here the playing group started to really dominate teams with the physical defensive nature and expansive style they had been working hard on in training.

To put into context the marked improvement over the season came with the rematch against Easts in round 13 which ended in a 24-24 draw which we deserved to win as we dominated the game and blew them off the paddock early. We then rolled into Eastwood the following week and got another victory 31-26 in another physically dominant display from the playing group. With the points picked up from Hunter and Parramatta not fielding teams and our wins and bonus points this gave us a fighting chance of finals until we narrowly lost to Gordon where we gave them a 21 point head start coming into half time and managed to finish 27-21.

Overall, with the team coming away with 4 wins and bonus points and finishing on 25 points I would say the playing group have had a successful season and worked hard for the result and have set a strong platform to build on to see this team playing finals footy in the near future.

The next generation is coming

The Senior Club has involved itself more intimately with West Juniors developing the path from Juniors through West Harbour Juniors and into colts. .

2023 SRU Premiership Competition – Shute Shield

GRADE

1st and 2nd Colts Season Report – Glenn Ling

1st Colts

Well how do describe that season? On paper this team would match it with the top teams any day of the week. This was a challenging year for you all and I hope we can look past a lot of it and remember the last 3 remaining games that you won.

The pre-season began with a weekend away up the Central Coast with a squad of about 50 boys attending where we got to know each other, culturally dances were performed and we welcomed all the new players to the club. We also managed to fit in a trial game V Manly which was great to gauge ourselves against a strong Shute shield club.

We had a core group of experienced West Harbour Colts players from last year, added to that local and interstate players that wanted to play for the mighty PIRATES.

We finished the season in 8th position, with 7 wins and 11 losses. In saying that 5 of the losses were within 3 points or less. The quality of rugby that was played was expansive, with plenty of ball movement to compliment the quality of players like Hunter Hannaford, Samu Tuisau and Paulie Manuel

We had the addition of 4 new players from WA. Hunta, Tama, aiden and Jerry, who were not only exceptional players but even better humans. Tyson Jackson was our captain on and off the field and our second highest try scorer in colts. Alisi was powerful wherever he was put in the team. The backrowers of Finn, Yatesy and Aiden were damaging in defence and attack. Big Marty and Finn McCarthy when in the right frame of mind were players you didn't want to mess with. Michael Lindsay was an inspiration throughout the year and fortunate for us to welcome Hunter Hannaford back after spending a number of weeks in first grade. His game management and kicking game always gave us good field position. Paulie out the back was as safe and reliable as they come. Our centres of Samu, Braydon, Iveni and Patty were always dangerous with the ball.

Special thanks to Nua, Simon and Liz, Peter King, Tommy and Blaise for your work on and off the field with the Colts programme

2nd Colts

A tough season with the team finishing 9th overall, especially when we were riddled with injuries. In saying that, the boys that stepped up were commendable and will only gain from the experience. As I said early in the season, my role as a 2nds coach is to make you a better player and if the opportunity arises in 1sts Colts then the transition won't be so steep. The team was led by Tommy Grange who never complained about what position he was put at. Chase Morris was another that just kept doing his job and looking forward to any team that we were confronted with. Louis Manenti and Hayden Ling were always in the thick of it too and willing to put their bodies on the line. The players that were most consistent for the team all year were

I look forward to working with the colts again next year and I wish all the boys going to grade an enjoyable season.

Glenn Ling (Coach)

ANNUAL REPORT 2023

Colts Report – 3rd grade Blaise McKey

The 3rd Colts 2023 season was a very positive one in terms of playing numbers, development and results, both on and off the field. First and foremost, our playing numbers were strong throughout the year with most weeks seeing 25+ players represent the club. For me this is a testament to the colts program that has been built at West Harbour over the last few years and is a very positive sign for the club moving forward.

It was incredibly pleasing to see players progress from 3rd Colts into higher grade teams throughout the season. Player development is central to a colt's program and our 3rd Colts group for 2023 were rewarded for their hard work and strong on-field performances making a strong account of themselves whenever called upon to play in the 2nd or 1st Colts sides. The playing group also featured heavily in West Harbour's u18 State Championship team which finished 4th across the June long-weekend tournament. These developments will place the program in a strong position moving to the 2024 season with a majority of players still colt eligible.

This season our team environment was incredibly strong and credit must go to captain Erik Paterson for his work throughout the season to drive a positive team culture where players wanted to turn up each week and work for each other. As mentioned earlier playing numbers and results were strong across the whole season and this was a testament to the culture built by the 3rd Colts playing group. The strength and character of our squad was highlighted on awards night with Oscar Jeffery being awarded the Jonny Manwar trophy.

3rd colts finished the season with 7 wins, a testament to the work ethic and skill set of the players. The team placed particular focus on moving the ball freely and playing in the wider channels of the field, a strategy reflected by winger Jone Vesikula finishing the season as the club's leading try scorer, next to 1st Grade Callum Sirker. Particularly pleasing was our round 8-12 results in which the side won 4 out of 5 games. Within this stretch was an away win against Randwick and a dominant win against Sydney University. These results, against massive colt programs, are a sign of where West Harbour's Colts are moving. I would also like to thank Nua Phillips, Elizabeth Grange and Simon Grange for their work in managing the 3rd Colts team in 2023. Their work off the field allowed for trainings and match days to run smoothly.

Junior Academy – investing in the future

1st Grade Women's Report – Michael Nicoletti

Assistant Coach: **Cassy Van Rythoven**

Manager: **Tammy Rakasi**

The 2023 season saw the building blocks and foundations set for West Harbour Women's program for now and in the future. New players, new staff and a host of support guiding us through this journey that we undertook, gaining new experiences and learning from one another. This was no easy task as we took the hard road on building something from the ground up.

An early start in the season had West Harbour Women's joining the colts crew for the day at Warringah Sevens, with the ladies keen to get some rugby under their belts before the season started. With a host of new players joining with various experience in playing XV aside rugby, it was clear that building knowledge and understanding as well as foundational skills were the most important start to the season.

A trip up to Newcastle against the Hunter Wildfires for Round 1 had a keen West Harbour team ready for action. Some general play across the park and defence exposed our inexperience, with Hunter able to sneak a number of tries through our edges. Round 2 was to be our best performance, putting on a show at Rat Park against Warringah. Our newly created shape and patterns of play, compounded with our continuous attack, had us well on the front foot. Just some minor mistakes allowed Warringah in for two late tries with our dominance not rewarded. Round 3 against Gordon had similar results with some excellent work with our forward pack being physical up the middle and only a handful of missed tackles and drop balls being a difference in the game.

Round 4 had our local rivalry against Two Blues, a mate versus mate tussle, being physical up front with demolishing runs by both teams. A slow start to the game allowed Two Blues to get on the board early but West Harbour hung in there to get into the game with only late tries blowing out the score line. Building on previous weeks, round 5 was against Easts at Woollahra Oval, with a host of new players joining West Harbour this week. It was a game we should have won, finally getting our groove on and clicking as a team.

Our Sydney University Gold match in Round 6 had us up against a host of Wallaroos players returning from representative duties. Whilst we were out played at the beginning of the game, we fought back showing true resilience, dominating the midfield with University struggling to keep up. With West Harbour working hard to claw back the score line it was a tough finish, with some late Uni tries blowing out the score. Round 7 then saw us up against the Sydney University's Blue team, with us dominating possession, shape and finding space around the park with excellent decision making, with only a handful of missed tackles allowing Uni to get on top in this game.

Round 8, with our mid-season reflection done, the West Harbour ladies were up against Warringah. An impressive game to watch with the team finally connecting across the field. Fatigue and missed tackles giving Warringah the win. Round 9 was a slow cold start the morning at Chatswood against Gordon, with our preparation this week hampered by a number of players out due to personal reasons. Whilst we put on a good show, smashing them down the middle of the field, Gordon started to show form, looking like the reigning premiers from 2022. Back at Concord for round 10 against Easts, our best start to a game this year, had the forwards punching up the middle hard and backs finding space, just those refined moments lacking with one-on-one tackles and retaining ball at crucial times lacking. Unfortunately, we gained a number of injuries during this game resulting in having to forfeit Round 11 .

For Rounds 12, 13 and 14 our West Harbour Women's core group came together to put their best feet forward, with a number of injuries and a few "unavailabilities" making for a tough final three rounds. These results should not reflect on the growth and outstanding performances that we achieved throughout 2023, but show the true character of our ladies who stepped up and keep going when the games got tough. With plenty of smiles and laughter after each of these games, it was

ANNUAL REPORT 2023

pleasing to see what great culture these players have finally created throughout the year, ready to get cracking for 2024!

We need to thank the absolute army of people who have helped this year! Our superstar manager Tammy Rakasi who continued to support and help the staff through all the bits and pieces required each week to keep the team moving forward. Our assistant coach Casey for her wisdom, leadership and guidance to help grow our playing group both on and off the field. Charmain for the organisation from the top, getting the program running and providing ongoing support to everyone within the program. Our S&C staff Dimi Last name and Lachlan last name for the continued development of our players. To Dave Lyme, Lloyd Mills and the board for their continued support and understanding of the foundations being set for the future of women's sport at West Harbour Rugby. A few extra "thank you's" including: Campese Ma'afu, Stephen James, Clint Hill, Lou Ferris and a host of other coaches who stepped in to help throughout 2023. Lastly, a huge thank you to our major sponsors De Lorenzo Haircare and Club Burwood along with a host of other sponsors for their ongoing support.

Up the Pirates, Arrrgh!

**VETERANS
WESTERN SUBURBS RFC AND WEST HARBOUR RFC
LEST WE FORGET**

It is fitting that we pay tribute to our players who enlisted in Australia's Armed Forces and saw active service overseas. It is known that at least 23 of them paid the supreme sacrifice. We list them to show our respect for them.

As Rugby was suspended during World War I, there is no known list of players who served and if one was made, it has been lost along with many other archives. With regards to World War II, a list was made of those players who died in the course of their military duty. This list was printed in the annual reports up to the 1970s but the practice was then discontinued. A list of known players from the 1930s and 1940s who joined the military was compiled. The list has been updated sporadically and is nowhere complete as there were many others who served since then, but their names are not recorded in the club's files. We apologise for all the names omitted.

If you know of a veteran who is missing from this list, please contact the Club with details.

The majority of players listed served in World War II. Veterans other than WWII have the theatre in which they served beside their name.

* Those players who died in action or of wounds are marked with an asterix.
